Professional Summary

UI/UX Designer and BCA graduate passionate about turning ideas into intuitive digital experiences. Skilled in Figma, wireframing, prototyping, user flows, and visual design, with hands-on experience designing mobile and web products. I combine creativity with user-centered thinking to create interfaces that are not only visually engaging but also simple, purposeful, and easy to use.

Skills

- **Design Tools:** Figma, Adobe XD, Photoshop, Illustrator, Canva
- **UI/UX Design:** Wireframing, Prototyping, User Research, User Flows, Responsive Design, Design Systems, Information Architecture, User-Centered Design, Usability Testing
- **Frontend Basics:** HTML5, CSS3, JavaScript
- **Tools & Workflow:** GitHub, VS Code

Projects

Body Draft — Fitness and Wellness App *Figma*

- Designed an integrated fitness experience encompassing workout tutorials, mobility training, meal planning, BMI tracking, gym wear, and supplement shopping.
- Created user flows, wireframes, and high-fidelity interactive prototypes to deliver intuitive and cohesive user journeys across key features.
- Focused on user-centered design, intuitive navigation, visual hierarchy, and a consistent design system to enhance overall usability.

MadMonkey — Thrift Fashion Website *Figma, HTML, CSS*

- Designed a modern e-commerce-inspired website for showcasing curated thrift fashion, footwear, dresses, and accessories.
- Created the website structure, navigation, category sections, product layouts, and responsive UI.
- Focused on visual hierarchy, usability, typography, spacing, and a consistent brand identity.
- Developed the frontend using HTML and CSS based on the UI design.

SWAPNAM Interiors — Interior Design Website *HTML, CSS, JavaScript*

- Designed and developed a modern, responsive website for an interior design studio to showcase interior projects and services.
- Created project galleries, service sections, testimonials, and contact interfaces to provide a seamless user experience.
- Focused on visual hierarchy, elegant typography, consistent styling, and responsive layouts to reflect the studio's brand identity.
- Implemented interactive navigation and visual effects to enhance usability across desktop and mobile devices.

Portfolio Website *HTML, CSS, JavaScript*

- Designed and developed a responsive personal portfolio website to showcase UI/UX projects and design skills.
- Created a clean and structured interface with responsive layouts for desktop and mobile devices.
- Implemented interactive elements and smooth visual transitions using HTML, CSS, and JavaScript.
